EXPLANATION OF TRANSCRIPT

Academic Year

Each Academic year includes 3 semesters: Fall, Spring and Summer. Fall and Spring Term have eighteen weeks, including exams, and Summer Term has four weeks.

Method of Assessment and Calculation of Scores

Examination results are recorded by letter grades or passing grades instead of percentage scores.

The conversion table for grade, grade point and corresponding percentage is as following:

Grade	A+	A	A-	B+	B	B-	C+	C	C-	F	P	NP	N
Grade Point	4.0	4.0	3.7	3.3	3.0	2.7	2.3	2.0	1.7	0.0	N/A	N/A	N/A
Corresponding Percentage	95-100	90-94	85-89	80-84	75-79	70-74	67-69	63-66	60-62	0-59	≥60	<60	No Record

P indicates pass; NP indicates Not Pass.

N indicates No Record, because the course is incomplete or the exam is postponed. When work completed, it will be replaced by final grade.

The method for calculating the GPA (Grade Point Averages) is:

$$GPA = \frac{\sum (\text{the course Credit} \times \text{the course Grade Point})}{\sum \text{the credits of all the courses taken}}$$

The course score P counts towards Credit, and both P and NP do not count towards the GPA.

If a failed course is retaken, only the retaken course's grade counts towards the GPA.

The special symbols' meanings

The course with a“▲” symbol is a retaken course.

The course with a“*” symbol is a buffer course.

The course with a“●” symbol is an out school course.
